BACHELORS OF BUSINESS ADMINISTRATION

MODEL SYLLABUS

MADURAI KAMARAJ UNIVERSITY MADURAI - 625 021

BACHELORS OF BUSINESS ADMINISTRATION (FULL TIME)
Choice Based Credit System
(With effect from the academic year 2023-2024)
REVISED REGULATIONS

MADURAI KAMARAJ UNIVERSITY

(University with Potential for Excellence)

B.B.A. (Semester) CHOICE BASED CREDIT SYSTEM REVISED SYLLABUS (With effect from 2023-24 onwards)

1. INTRODUCTION OF THE PROGRAMME

The Bachelor of Business Administration programme has been offered by this university since its inception to provide developmental avenue for working personnel and professionals for acquiring management qualifications to upgrade and refine their managerial skills, capabilities, and orientation. Also it aims to impart lifelong learning opportunities to the learners in the specific domains like leadership, entrepreneurial skills, and professional competence. The Programmes offered by the university are useful and geared to fulfill identified gaps in the corporate and business world.

2. ELIGIBILITY FOR ADMISSION:

Candidates seeking admission to the BBA degree course must have passed the Higher Secondary Examination of the Government of Tamilnadu or as its equivalent examination.

2.1. Duration of the Programme : 3 Years 2.2. Medium of Instructions : English

3. OBJECTIVES OF THE PROGRAMME:

The objective of the BBA degree program is to prepare the higher secondary students of above average attainments for a course that will equip them with specific knowledge and skills for junior and middle positions of responsibilities in industrial and commercial organizations, after an initial spell of practical experience in their career. It is therefore, advisable to organize the instruction on the lines of professional courses. Participative methods of instruction should be adopted. Class work may be supplemented with field study report for enhancing their research interests.

4. OUTCOME OF THE PROGRAMME

At the end of the three year Bachelors in Business Administration program, students would gain a thorough grounding in the fundamentals of business management. The industry and entrepreneurship oriented curriculum offers a number of specializations and practical exposures which would equip the student to face the contemporary challenges in the field. The holistic outlook of the program with a number of value based and personality development courses ensures that students are groomed into up-to-date, assertive and effective business executives with strong leadership skills and social consciousness.

Industrial Visit

Every year Industrial visit has to be arranged to acquire practical knowledge in the field of production. Accompanying the staff may be given on duty permission.

B.B.A., GENERAL

	JTCOMES-BASED CURRICULUM FRAMEWORK GUIDELINES ASED REGULATIONS FOR B.B.A., PROGRAMME
Programme:	B.B.A., General
Programme Code:	
Duration:	3 years [UG]
Programme Outcomes:	PO1: Disciplinary knowledge: Capable of demonstrating comprehensive knowledge and understanding of one or more disciplines that form a part of an undergraduate Programme of study PO2: Communication Skills: Ability to express thoughts and ideas effectively in writing and orally; Communicate with others using appropriate media; confidently share one's views and express herself/himself; demonstrate the ability to listen carefully, read and write analytically, and present complex information in a clear and concise manner to different groups. PO3: Critical thinking: Capability to apply analytic thought to a body of knowledge; analyse and evaluate evidence, arguments, claims, beliefs on the basis of empirical evidence; identify relevant assumptions or implications; formulate coherent arguments; critically evaluate practices, policies and theories by following scientific approach to knowledge development. PO4: Problem solving: Capacity to extrapolate from what one has learned and apply their competencies to solve different kinds of non-familiar problems, rather than replicate curriculum content knowledge; and apply one's learning to real life situations. PO5: Analytical reasoning: Ability to evaluate the reliability and relevance of evidence; identify logical flaws and holes in the arguments of others; analyze and synthesize data from a variety of sources; draw valid conclusions and support them with evidence and examples, and addressing opposing viewpoints. PO6: Research-related skills: A sense of inquiry and

capability for asking relevant/appropriate questions, problem arising, synthesising and articulating; Ability to recognise cause-and-effect relationships, define problems, formulate hypotheses, test hypotheses, analyse, interpret and draw conclusions from data, establish hypotheses, predict cause-and-effect relationships; ability to plan, execute and report the results of an experiment or investigation

PO7: Cooperation/Team work: Ability to work effectively and respectfully with diverse teams; facilitate cooperative or coordinated effort on the part of a group, and act together as a group or a team in the interests of a common cause and work efficiently as a member of a team

PO8: Scientific reasoning: Ability to analyse, interpret and draw conclusions from quantitative/qualitative data; and critically evaluate ideas, evidence and experiences from an open-minded and reasoned perspective.

PO9: Reflective thinking: Critical sensibility to lived experiences, with self awareness and reflexivity of both self and society.

PO10 Information/digital literacy: Capability to use ICT in a variety of learning situations, demonstrate ability to access, evaluate, and use a variety of relevant information sources; and use appropriate software for analysis of data.

PO 11 Self-directed learning: Ability to work independently, identify appropriate resources required for a project, and manage a project through to completion.

PO 12 Multicultural competence: Possess knowledge of the values and beliefs of multiple cultures and a global perspective; and capability to effectively engage in a multicultural society and interact respectfully with diverse groups.

PO 13: Moral and ethical awareness/reasoning: Ability toembrace moral/ethical values in conducting one's life, formulate a position/argument about an ethical issue from multiple perspectives, and use ethical practices in all work. Capable of demonstartingthe ability to identify ethical issues related to one"s work, avoid unethical behaviour such as fabrication, falsification or misrepresentation of data or committing plagiarism, not adhering to intellectual property rights; appreciating environmental and sustainability issues; and adopting objective, unbiased and truthful actions in all aspects of work.

PO 14: Leadership readiness/qualities: Capability for mapping out the tasks of a team or an organization, and setting direction, formulating an inspiring vision, building a

team who can help achieve the vision, motivating and inspiring team members to engage with that vision, and using management skills to guide people to the right destination, in a smooth and efficient way.

PO 15: Lifelong learning: Ability to acquire knowledge and skills, including "learning how to learn", that are necessary for participating in learning activities throughout life, through self-paced and self-directed learning aimed at personal development, meeting economic, social and cultural objectives, and adapting to changing trades and demands of work place through knowledge/skill development/reskilling.

Programme Specific Outcomes:

PSO1: To enable students to apply basic microeconomic, macroeconomic and monetary concepts and theories in real life and decision making.

PSO 2: To sensitize students to various economic issues related to Development, Growth, International Economics, Sustainable Development and Environment.

PSO 3: To familiarize students to the concepts and theories related to Finance, Investments and Modern Marketing.

PSO 4: Evaluate various social and economic problems in the society and develop answer to the problems as global citizens.

PSO 5: Enhance skills of analytical and critical thinking to analyze effectiveness of economic policies.

Highlights of the Revamped Curriculum:

- ➤ Student-centric, meeting the demands of industry & society, incorporating industrial components, hands-on training, skill enhancement modules, industrial project, project with viva-voce, exposure to entrepreneurial skills, training for competitive examinations, sustaining the quality of the core components and incorporating application oriented content wherever required.
- ➤ The Core subjects include latest developments in the education and scientific front, advanced programming packages allied with the discipline topics, practical training, devising mathematical models and algorithms for providing solutions to industry / real life situations.

- The curriculum also facilitates peer learning with advanced mathematical topics in the final semester, catering to the needs of stakeholders with research aptitude.
- ➤ The General Studies and Mathematics based problem solving skills are included as mandatory components in the 'Training for Competitive Examinations' course at the final semester, a first of its kind.
- ➤ The curriculum is designed so as to strengthen the Industry-Academia interface and provide more job opportunities for the students.
- ➤ The Industrial Statistics course is newly introduced in the fourth semester, to expose the students to real life problems and train the students on designing a mathematical model to provide solutions to the industrial problems.
- ➤ The Internship during the second year vacation will help the students gain valuable work experience, that connects classroom knowledge to real world experience and to narrow down and focus on the career path.
- ➤ Project with viva-voce component in the fifth semester enables the student, application of conceptual knowledge to practical situations. The state of art technologies in conducting a Explain in a scientific and systematic way and arriving at a precise solution is ensured. Such innovative provisions of the industrial training, project and internships will give students an edge over the counterparts in the job market.
- ➤ State-of Art techniques from the streams of multi-disciplinary, cross disciplinary and inter disciplinary nature are incorporated as Elective courses, covering conventional topics to the latest Artificial Intelligence.

Value additions in the Revamped Curriculum:

Semester	Newly introduced Components	Outcome/ Benefits
I	Foundation Course To ease the transition of higher secondary to highereducation, providing an over view of the pedagogy of learning Lit erature and an alysing the world through the literary lens Gives rise to a new perspective.	 Instill confidence among students Create interest for the subject
I,II,III,IV	Skill Enhancement papers(Discipline centric /Generic/Entrepreneurial)	 ➢ Industry graduates ➢ Skilled human resource ➢ Students are equipped with essential skills to Make them employable ➢ Training on language and communication skills enable the students gain knowledge and exposure in the competitive world. ➢ Discipline centric skill will improve the Technical knowhow of solving reallife problems.
III,IV,V& VI	Elective papers	 Strengthening the domain knowledge Introducing the stakeholders to the State-of Art techniques from the streamsofmulti-disciplinary, crossdiscip linary and interdisciplina rynature Emerging topics in higher education/industry/com munication network/hea lthsectoretc. are introduced with hands-on-training.

IV	Elective Papers		 Exposure to industry moulds students into solution providers Generates Industry ready graduates Employment opportunities enhanced 					
V Semester	Elective papers		 Self-learning is enhanced Application of the concept to real situation is conceived resulting Intangible outcome 					
VI Semester Extra Credits:	Elective papers		 Enriches the study beyond the course. Developing are search framework and presenting their independent and intellectual ideas effectively. To cater to the needs of 					
For Advanced Learners		peer learners/research aspirants						
Skills acquired from the	Courses	Knowledge, Problem Solving, Analytical ability, Professional Competency, Professional Communication and Transferrable Skill

INSTITUTIONAL TRAINING *

Curricular note on Skill enhancing core paper with Internal evaluation for the award of 2 Credits

Aims: The purpose of this skill enhancing (Training) core paper is to bridge the theoretical fundamentals with that of actual practice and to inculcate a spirit of inquiry & research rigor to investigate the nuances that go into the working of industry at large. Apart from adapting as team-worker, students are expected to gather, filter the required information and report the dynamics of the chosen industry in a standardized format.

Process: Colleges may institute MoU/Collaborative initiative with firms in their locality to get the consent and to make the training more purposeful. Every student, individually or in a group not exceeding three, shall undergo a four-week [a minimum of twenty working days] training in any organization [size, type and location to be specified by the respective college] of his/her choice during the vacation between fourth and fifth semester. In case of insufficient vacation, college level adjustments can be made to facilitate the students on training.

Prior permission may be obtained from the organization in advance by the students concerned and information shall be passed onto the colleges thus enabling the training supervision by the concerned faculties authorized by the college.

Weekly postal or electronic reporting should be obtained to ensure coherent and comprehensive training during the training period. A final report [Institutional Training Record – ITR] containing the introduction of the industry, the profile of the company and a valid conclusion indicating the benefits of the training shall be given not exceeding 30 [A4] pages [in a spiral-bound form/pre-printed record designed for this purpose].

Reporting Proforma: The profile of the company may include the organization-chart, people involved in key-positions, year of establishment and growth pattern (for at least five years), the products dealt and market to which it caters to, sales turn-over, market share [for last three years], competitors' details, number of employees and their brief profile, share capital&

Share holding pattern, market capitalization (in case of listed public company), group companies, if any, awards & recognitions (if any received), litigations, if any involved and so on.

Outcome: Internal evaluation by the concerned training supervisor along with HOD shall be made during the beginning of fifth semester for award of two credits and report the same to the university.

BBA DSE2 PROJECT WORK (GROUP)-5 Hours, 4 Credits

A group of 3 students will be assigned a project in the beginning of the final year. The project work shall be submitted to the college 20 days before the end of the final year and the college has to certify the same and submit to the university 15 days prior to the

The project shall be evaluated externally. The external examiner shall be forming the panel of examiners suggested by the board of studies from to time.

	Learning Objectives						
CLO1	To Give Idea about Research Project						
CLO2	To identify the research problem						
CLO3	To review Literature						
CLO4	To give knowledge on Data Collection and Analysis						
CLO5	To Learn Project Preparation						

Course	On completion of this course, students will;	
Outcome		
CO1	Gain knowledge about Research Project	PO1
CO2	Increase knowledge on research problem	PO2
CO3	Improve practice in review of literature	PO3
CO4	Gain knowledge on Data Collection and Analysis	PO1,PO2
CO5	Be Proficient in Project Preparation	PO6,PO7,PO8

PROJECT DESCRIPTION GUIDELINES

1. Project report is to bridge theory and practice.

commencement of the University examination.

- 2. The project work should be neatly presented in not less than 50 pages and not more than 120 pages
- 3. Paper Size should be A4
- 4. 1.5 spacing should be used for typing the general text. The general text shall be justified and typed in the Font style Font: Times New Roman / Font Size: 12 for text)
- 5. Subheading shall be typed in the Font style (Font: Times New Roman / Font Size: 14 for headings). The report should be professional.
- 6. The candidate should submit periodical report of the project to the supervisor.
- 7. Two reviews will be conducted before the Viva Voce

8. Each candidate should submit hardcopy (3 copies) and a soft copy to the Department. After the Evaluation of the project report one hard copy will be returned to the candidate.

B.B.A. Degree Course **QUESTION PATTERN** (including Part I and Part II Papers)

Each Semester = 15 Weeks

Each Paper 5 units

Question Paper Model

Total Marks=75 Marks

Section A

10 Multiple Choice Questions, 2 Questions from each Unit

10x1=10 Marks

Section B

5 Questions from each unit Either 'Or' type

5x7=35 Marks

Section C

Answer any three Questions out of Five Questions, one question from each unit

3x10=30 Marks

Pattern of question paper

Time: 3 Hours

Max.marks:75

Section A: (10x1=10 Marks)

Question No. 1 to 10 (Multiple choices)

- 1. Two questions from each unit.
- 2. Four choices in each question.
- 3. No _none of these' choice.

Section B: (5x7=35 Marks)

Answer all questions choosing either (a) or (b)

Answers not exceeding two pages.

(One question from each unit)

11 (a) or 11 (b)

12 (a) or 12 (b)

13 (a) or 13 (b)

14 (a) or 14 (b)

15 (a) or 15 (b) 939

Section C: $(3 \times 10 = 30 \text{ Marks})$

Answers not exceeding four pages

Answer any three out of five (one question from each unit)

Questions 16 - 20

SCHEME FOR EVALUATION

Internal marks:

- 1. The pattern for internal valuation may be: two tests 10 marks each: average 10 marks
- 2. Group Discussion / Seminar / Quiz 5 marks
- 3. 2 assignments; 5 mark each: average 5 marks
- 4. Peer teaching; 5 marks
- 5. 3rd test may be allowed for absentees of any one of the two tests.
- 6. If the college opts quiz, 2 Quiz should be conducted.

Criteria for passing in External:

- 1. A minimum of 27 Marks should be secured in external valuation out of 75
- 2. The sum of both external and internal should be a minimum of 40 out of 100 for a pass
- 3. The Grading system for passing will be given by university as per the norms instead of marks.

INSTITUTIONAL TRAINING

Curricular note on Skill enhancing core paper with Internal and External evaluation for 50 marks (2 Credits) for ALL streams of BBA.

Aims: The purpose of this skill enhancing (Training) core paper is to bridge the theoretical fundamentals with that of actual practice and to inculcate a spirit of inquiry & research rigor to investigate the nuances that go into the working of industry at large. Apart from adapting as team-worker, students are expected to gather, filter the required information and report the dynamics of the chosen industry in a standardized format.

Process: Colleges may institute MoU/ collaborative initiative with firms in their locality to get the consent and to make the training more purposeful. Every student, individually or in a group not exceeding three, shall undergo a four-week [a minimum of twenty working days] training in any organization [size, type and location to be specified by the respective college] of his/her choice during the vacation between fourth and fifth semester. In case of insufficient vacation, college level adjustments can be made to facilitate the students on training.

Prior permission may be obtained from the organization in advance by the students concerned and information shall be passed onto the colleges thus enabling the training supervision by the concerned faculties authorized by the college.

Weekly postal or electronic reporting should be obtained to ensure coherent and comprehensive training during the training period. A final report [Institutional Training Record — ITR] containing the introduction of the industry, the profile of the company and a valid conclusion indicating the benefits of the training shall be given not exceeding 30 [A4] pages [in a spiral-bound form/pre-printed record designed for this purpose].

Reporting Proforma the profile of the company may include the organization-chart, people involved in key-positions, year of establishment and growth pattern (for at least five years), the products dealt and market to which it caters to, sales turn-over, market share [for last three years], competitors details, number of employees and their brief profile, share capital&

Share holding pattern, market capitalization (in case of listed public company), group companies, if any, awards & recognitions (if any received), litigations, if any involved and so on.

Outcome: Internal evaluation by the concerned training supervisor along with HOD shall be made during the beginning of fifth semester for a max of 25 marks and report the same to the university. Metrics to be evaluated and its weightage are:

- Compliance of the procedure (permission seeking, informing in advance, weekly reporting and ITR submission) 10 *marks*
- Structure and neatness of ITR 15 marks

EVALUATION METHOD:

There shall be a university-approved comprehensive viva-voce examination at the end of fifth semester. Students shall maintain a [Institutional Training Record — ITR] individually for the purpose of the oral examinations. ITR shall also be evaluated jointly internal with an external examiner during the viva-voce examination. The total mark of 25 for the skill enhancing core subjects shall be divided between internal and external evaluations and it is 10 and 15 marks respectively.
